The Honorable Sonny Perdue  
Secretary of Agriculture  
1400 Independence Ave., S.W.  
Washington, D.C. 20250

Dear Secretary Perdue:

We write to express our gratitude for your support for the much needed *Additional Supplemental Appropriations for Disaster Relief Act, 2019*, which was recently signed into law by President Trump. We look forward to working with the United States Department of Agriculture (USDA) to ensure that disaster aid is delivered in a timely and effective manner so that producers affected by Hurricane Michael have the opportunity to rebuild their farms and livelihoods.

As you write the regulations and implement the more than \$3 billion appropriated for the Wildfire and Hurricane Indemnity Program (WHIP), we hope that you will consider the following recommendations.

1. Issue WHIP payments in a timely manner and as a one-time payment.
2. Use individual versus county yields for both pecans and specialty crops.
3. Provide a Risk Management Agency (RMA) yield exclusion for the 2018-2019 pecan crop.
4. Use net crop insurance indemnities to determine WHIP payments.
5. Incorporate the cottonseed endorsement (and other endorsements/riders) into WHIP for producers who purchased the seed endorsement (or other riders) with their insurance coverage.
6. Work with the Georgia Department of Agriculture to administer a block grant funds to adequately address the needs of Georgia, including specialty crops and forestry.

Thank you in advance for your consideration.

Sincerely,

David A. Perdue
